Making Rail Fence Units

Diagram 1

Making Side Triangles

2. Referring to Diagram 2, cut one end of four 3 1/2" x 12 7/8" fabric E strips at a 45° angle. Repeat with the four remaining fabric E strips, cutting the angle in the opposite direction to make four reversed strips. Apply spray starch to the angled end of each strip and press dry to stabilize the bias edge.
3. Repeat step 2 with the 3 1/2" x 9 7/8" fabric D strips and the 3 1/2" x 6 7/8" fabric F strips to make four and four reversed angled strips of each fabric.

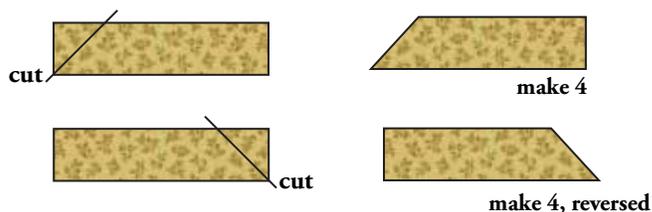

Diagram 2

Indian Summer Quilt

- Cut two $3\frac{7}{8}$ " fabric C squares from the top right corner to the bottom left corner to make four fabric C triangles referring to Diagram 3. Cut the remaining two $3\frac{7}{8}$ " fabric C squares from the top left corner to the bottom right corner to make four reversed fabric C triangles, again referring to Diagram 3.
- Join one angled strip of each fabric and one fabric C triangle to make a side triangle referring to Diagram 4. Repeat with one angled reversed strip of each fabric and one reversed fabric C triangle to make a reversed side triangle, again referring to Diagram 4. Press the seam allowances toward the longer strip, being very careful not to stretch the angled end of each strip. Repeat to complete a total of four side triangles and four reversed side triangles.

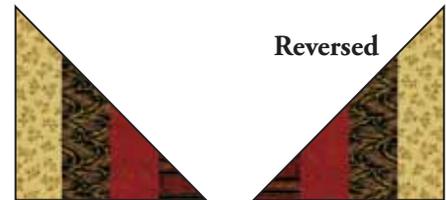

Diagram 4

Making Corner Units

- Draw a diagonal line from corner to corner on the wrong side of each $4\frac{3}{4}$ " fabric D square.
- Place a fabric D square right sides together on one corner of a $9\frac{3}{8}$ " fabric E square and stitch on the marked line referring to Diagram 5. Trim seam to $\frac{1}{4}$ " and press the fabric D piece to the right side, again referring to Diagram 5. Repeat on the opposite corner of the fabric E square. Cut the fabric E square in half on the unpieced diagonal to make two corner units.
- Repeat step 7 with the remaining two marked fabric D squares and the fabric E square to complete a total of four corner units.

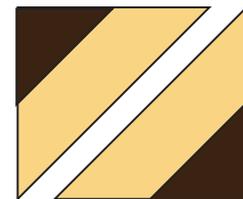

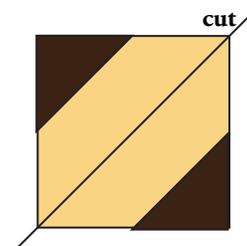

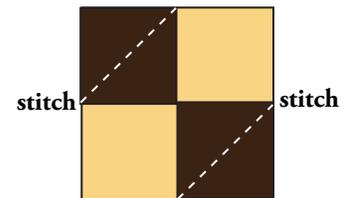

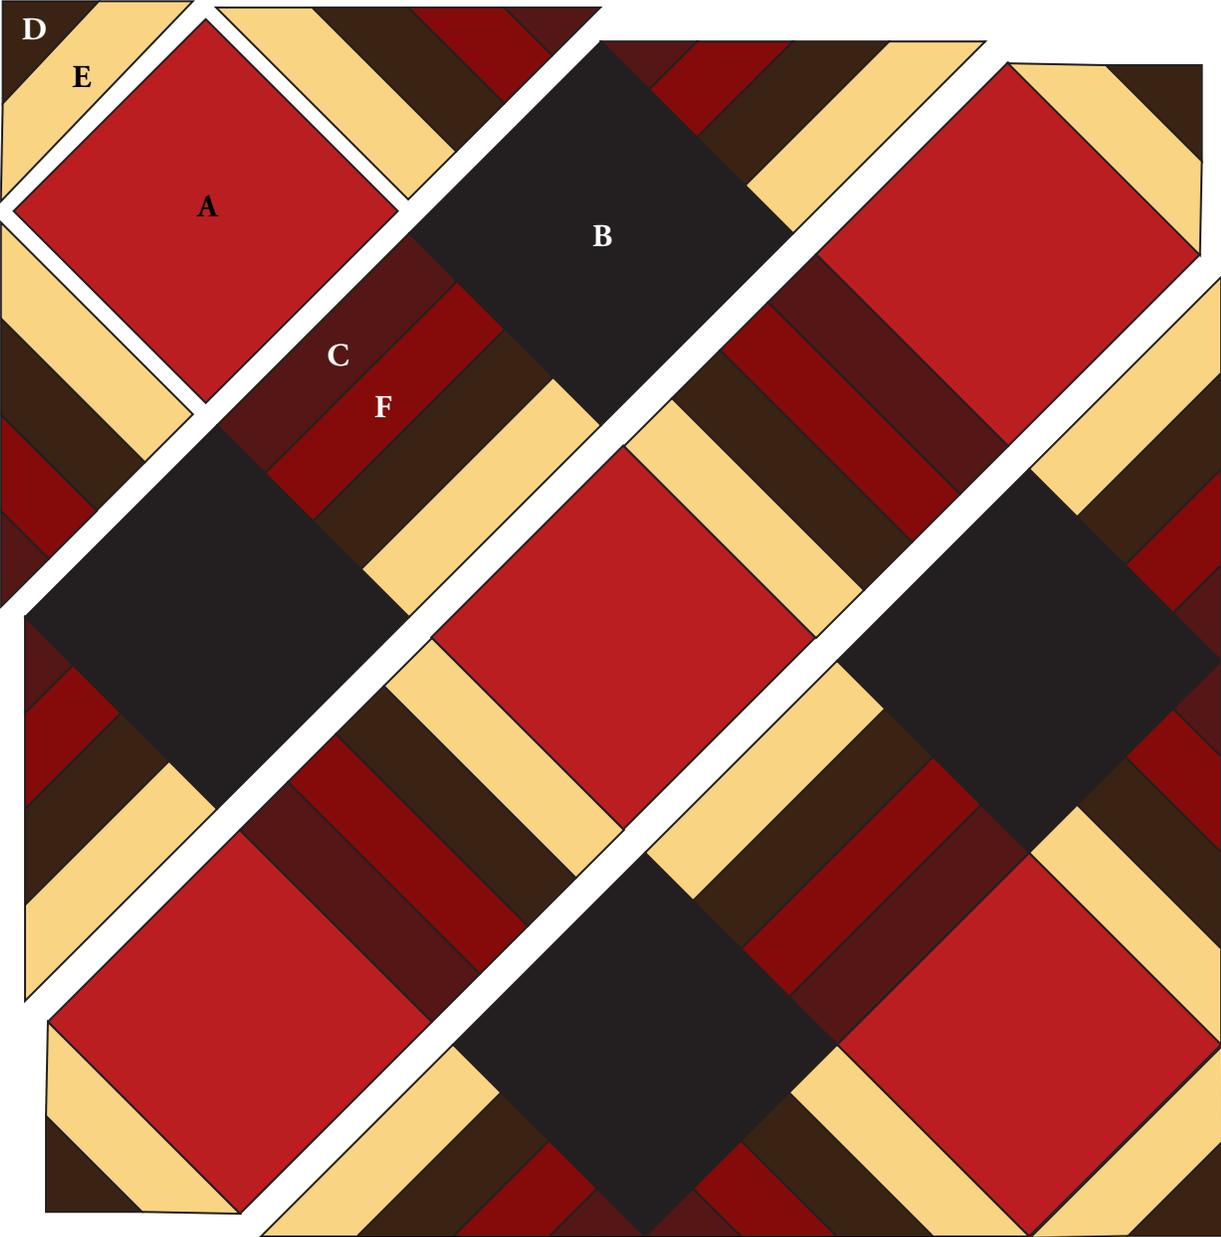

Diagram 5
