Assembling the Quilt

1. Refer to the quilt diagram throughout to place the borders around the center panel.
2. Border 1: Center and sew the fabric B strips to each side of the center square, using a 1/4" seam allowance and stopping stitching 1/4" from each corner of the square. Miter the corners and trim away excess fabric. Press seams.
3. Mark a diagonal line on the wrong side of each 3½" fabric D square. Place a marked square with right sides together on one corner of a 6½" fabric C square. Sew on the marked line, trim seam to 1/4" and press the corner to the right side. Repeat on each corner to complete one block. Make 4 blocks total.

4. Border 2: Sew a fabric C strip to the top and bottom of the quilt center. Press seams. Sew the blocks made in step 3 to each end of the remaining fabric C strips. Sew these strips to the opposite sides of the quilt center. Press seams.
5. Border 3: Trim two fabric E strips to 40½" and sew to the top and bottom of the quilt center. Sew the remaining fabric E strips together end-to-end to make one long strip. Press seams open. Re-cut strips into two 44½" strips. Sew these strips to opposite sides of the quilt center. Press seams.
